## National Theatre Live

National Theatre Live distributes world-class theatre straight from stages across the United Kingdom to cinema screens around the world.

Working with the best of British theatre companies and producers, we simultaneously broadcast live theatre to cinemas in the UK, Europe and sometimes North America, as well as capturing the live performance for encore screenings in other territories.

Our live broadcasts and screenings have been seen by more than 10 million people in 2,500 cinemas in 65 countries since we launched in 2009.

**We hope you enjoy your National Theatre Live broadcast or screening. We make every attempt to replicate the theatre experience as closely as possible for your enjoyment. Please let us know what you think of your experience through our channels listed above or approach the cinema manager to share your thoughts.**
